Dear Mr. Braxton:

Subject: M/045/017, Tooele County, Utah
Request for Extension of Submittal

Barrick is requesting an extension for submittal of our response to the division's letter of January 24, 1992, concerning the Conceptual Closure and Post-closure Monitoring Plan for Dump Leach Area No. 3. The work on this project was being conducted by three engineering department personnel, of which two resigned in February, causing a delay in finalizing the work.

The work is currently near completion and will be submitted to the division no later than March 16, 1992.

I apologize for any inconvenience this may cause.

As always, your cooperation is greatly appreciated.

Respectfully,

David P. Beatty
